Pacific Northwest District

Pacific Northwest District Executive Board

Doug Baker, District Administrator

PO Box 1119

Milton, WA 98354-1119

Dear Kiwanians:

It's already time for the 59th Annual Pacific Northwest District Key Club Convention! It will be held at the Doubletree Seattle Airport Hotel from April 11th to 13th. As you know, District Convention enriches and enhances the experience of every single Key Clubber. It is a weekend of fun, learning, and service. As an Executive Board, we would like to include as many Key Clubbers as possible. Key Club District Convention is a life-changing experience. The 59th Annual Convention will include keynote speaker Scott Greenberg, various forums including club officer training, a service fair, and a dance. Every Key Clubber leaves Convention even more excited and passionate about serving others.

Each club should send as many Key Clubbers to District Convention as possible, but all clubs should send at least officers. District Convention gives officers a better picture of Key Club as an International Organization. As club officers and members realize that they are part of something bigger than just themselves and their club, they will be inspired to take their service to an even greater level. Furthermore, the officer training forums at District Convention give your Key Club officers a head start on their upcoming year. The training forums, conducted by the District Executive Board members, give officers the tools they need to make the most of their Key Club experience! By sending officers to District Convention, you are not only improving their Key Club experience, but adding to the strength of your club.

Kiwanis Governor Rich Jensen's project is centered on the Kiwanis Service Leadership Programs. This includes the largest member of the K-Family, Key Club. Helping Key Club members to attend District Convention is an excellent way to get involved. District Convention is one of the most important Key Club events in the District, and the event with the greatest need for financial assistance.

As an Executive Board, we are asking you to help Key Clubbers in your area attend District Convention. On average, Kiwanis Clubs help Key Clubs to pay 1/3 of the cost of convention, roughly fifty to sixty dollars. We understand that this can get expensive, and every bit of help counts. If your club is unable to donate, Kiwanis help is also needed for chaperoning, as well as driving Key Clubbers to and from District Convention.

Thank you in advance for helping our fellow Key Clubbers. Your support is a major reason we are the mighty district we are today!

In Service,

Tina Mounlavongsy
District Governor

Stephanie Nicholson
District Secretary

David Zhang
District Treasurer

Melissa Moran-Hodge
District Bulletin Editor
